

FOR IMMEDIATE RELEASE

### **Nyikos Joins Douglas Scientific**

*Alexandria, MN, July 20, 2010* – Douglas Scientific, a provider of Array Tape™ for high throughput screening in bioscience laboratories, today announced the appointment of Steve Nyikos as Client Executive to guide market expansion activities.

“Steve has a long and distinguished track record of developing successful businesses and markets related to biotech and biomedical innovation,” said Craig McLain, Vice President of Market Operations at Douglas Scientific. “Steve brings a unique combination of business leadership and sales savvy that will be instrumental to achieving our growth objectives in several markets.”

Prior to joining Douglas Scientific, Mr. Nyikos was the North American Managing Director for Attana AB headquartered in Stockholm, Sweden. Nyikos has extensive start-up experience and more than 15 years in sales leadership roles in domestic and international markets.

#### **About Douglas Scientific**

Douglas Scientific provides high throughput screening automation that is optimized for liquid handling and detection in continuous Array Tape™. Douglas Scientific is a wholly owned company of Douglas Machine Inc., with corporate offices located at 3600 Minnesota Street, Alexandria, MN 56308.
